01 • INTRODUCTION

ABOUT NDT

BUILT FOR DEMANDING WORK.

NDT — Nabeel Dar Transport LLC is a UAE-based provider of heavy equipment rental, crane rental, heavy lifting and transportation solutions, serving projects across Dubai and the wider United Arab Emirates.

Specializing in mobile crane rental and heavy lifting, NDT supports construction, infrastructure, oil & gas, industrial, marine and heavy-engineering operations with dependable equipment and project-focused support.

Our capabilities extend beyond equipment rental. We support customers with lifting, rigging, heavy transportation, machinery positioning, equipment mobilisation and technical project requirements.

From short-term equipment hire to long-term project support, our approach is centered on operational reliability, safety, responsive service and efficient project execution.

DUBAI • UNITED ARAB EMIRATES

02 • VALUES

PURPOSE. PRECISION. PROGRESS.

OUR VISION

To become a trusted and preferred heavy equipment, lifting and transportation solutions partner in the UAE, recognized for reliability, operational excellence and the ability to support increasingly demanding projects.

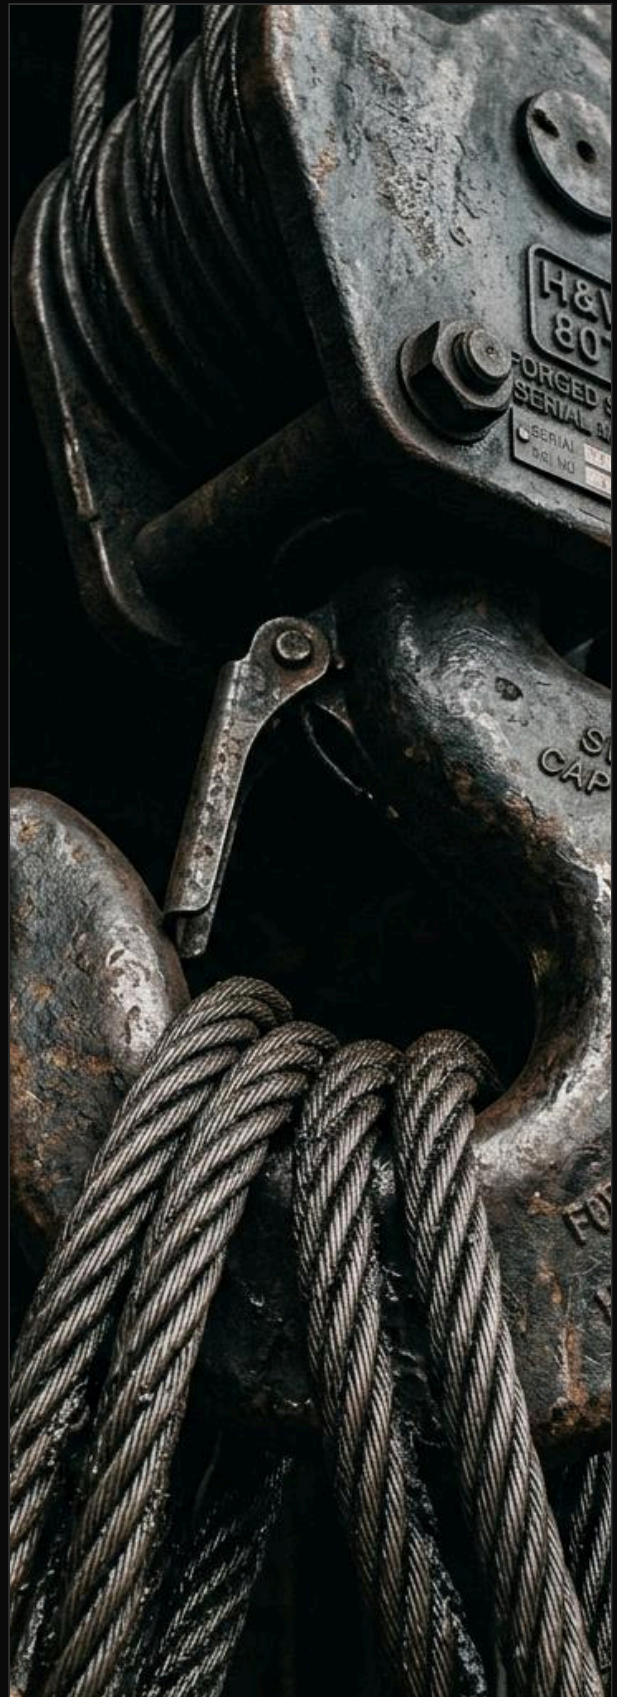

OUR MISSION

To provide dependable heavy equipment rental, lifting, rigging and transportation solutions that help our customers execute projects safely, efficiently and on schedule.

WE AIM TO ACHIEVE THIS THROUGH:

- Reliable equipment
- Experienced operational support
- Responsive customer service
- Efficient project mobilisation
- Flexible rental solutions
- Continuous focus on safety and operational excellence

*Core positioning statements reflecting NDT operational guidelines.

03 • PORTFOLIO

PRODUCTS & SERVICES

EQUIPMENT • LIFTING • TRANSPORTATION • PROJECT SUPPORT

01 MOBILE CRANE RENTAL

Crane rental solutions for construction, infrastructure, industrial, marine and heavy-lifting requirements.

02 HEAVY EQUIPMENT RENTAL

Equipment solutions tailored to project requirements and site conditions.

03 HEAVY LIFTING

Planned lifting solutions for heavy, oversized and technically demanding loads.

04 HEAVY RIGGING

Rigging and machinery-handling support for industrial equipment, plant machinery and heavy components.

05 HEAVY TRANSPORTATION

Transportation solutions for heavy equipment, industrial machinery and project cargo.

06 TRAILER / LOWBED SERVICES

Heavy transport and equipment mobilisation using appropriate trailer and lowbed solutions.

07 BOOM LOADER RENTAL

Boom loader solutions for construction, industrial and material handling requirements.

08 MACHINERY PLACEMENT

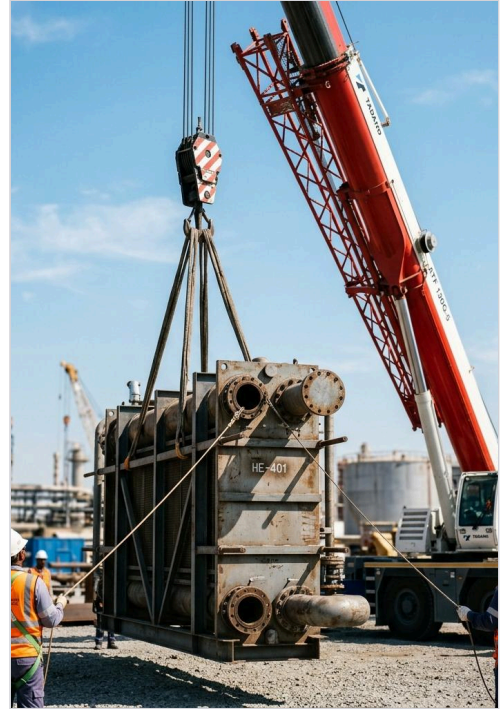

Offloading, positioning, alignment and placement support for industrial machinery.

09 PROJECT MOBILISATION

Equipment and transportation support for project setup, relocation and mobilisation.

10 LIFT PLANNING SUPPORT

Project-specific lifting and rigging planning based on operational requirements.

04 • LIFT SOLUTIONS

BUILT TO LIFT MORE.

MOBILE CRANE RENTAL ACROSS THE UAE

25 TON — 400 TON

25T • 50T • 80T • 100T • 150T • 160T • 220T • 300T
• 400T

CAPACITY RANGE

NDT provides mobile crane rental solutions for demanding lifting requirements across Dubai and other Emirates.

Our lifting capabilities support applications ranging from general construction and structural steel erection to industrial machinery, infrastructure, marine and oilfield operations.

CAPABILITIES:

- Mobile Cranes
- All-Terrain
- Rough-Terrain
- Crawler Cranes

APPLICATIONS:

- High-Rise Steel
- Infrastructure
- Port Operations
- Oilfield / Refinery

06 • PRECISION LIFTS

PRECISION UNDER LOAD.

NDT supports technically demanding lifting and rigging requirements for industrial machinery, structural components and oversized loads. We ensure safe, engineered solutions for complex, heavy lifts.

LIFTING & RIGGING CAPABILITIES:

- Heavy lifting and rigging support
- Tandem crane lifts and multi-crane operations
- Machinery skidding and equipment positioning
- Heavy transformer & boiler positioning
- Machinery offloading and foundation placement
- Industrial installation and plant relocation support
- Project-specific lift planning and technical site surveys

ENGINEERED • CERTIFIED • SAFE

07 • HAULAGE & MOBILISATION

MOVING WHAT MATTERS.

NDT provides heavy transportation and project mobilisation solutions for heavy machinery, construction equipment and industrial cargo across the UAE.

TRANSPORTATION CAPABILITIES:

- Heavy haulage using specialized equipment
- Lowbed and flatbed trailer transportation
- Heavy machinery and crawler crane relocation
- Factory machinery and industrial component transport
- Project cargo and oversized cargo movement
- Site-to-site equipment mobilisation and logistics
- Comprehensive project logistics and route planning

HEAVY TRANSPORTERS • LOWBED SERVICES

08 • CONSTRUCTION SECTORS

PRECISION AT HEIGHT.

HIGH-RISE & STRUCTURAL STEEL LIFTING

We provide specialized mobile crane support for the UAE's iconic vertical projects. Our fleet handles precise steel erection and pre-cast concrete placements under tight site constraints.

CORE SERVICES:

- Structural steel erection and truss positioning
- Precast concrete wall panel installation
- Steel beam lifting and high-reach positioning
- Modular-unit and prefabricated cabin lifting
- High-reach crane setup with luffing jibs
- Facade glazing & curtain wall installation support
- HVAC, heavy chiller and cooling tower positioning
- Rooftop generator and heavy equipment lifting

LIFTING FOR URBAN DENSITY

09 • PUBLIC INFRASTRUCTURE

ENGINEERED FOR SCALE.

INFRASTRUCTURE & CIVIL ENGINEERING

NDT supports major national development initiatives, supplying heavy crane lifting and logistic support for bridge works, transport networks and public civil works.

INFRASTRUCTURE CAPABILITIES:

- Bridge works and heavy structural deck placement
- Concrete bridge girder lifting and alignment
- Civil construction logistics & equipment rental
- Metro and rail network infrastructural support
- Tunnelling support & heavy equipment handling
- Heavy infrastructure lifts and foundation works
- Rough-terrain lifting operations on unpaved sites
- Logistics coordination & night lifting execution

CIVIL INFRASTRUCTURE ENABLERS

10 • HARSH ENVIRONMENTS

READY FOR DEMANDING SITES.

PORT, MARINE & OILFIELD SERVICES

Our fleet is certified and operators are trained to operate under the strict safety compliance guidelines of UAE ports, shipyards, oil refineries and petrochemical facilities.

SECTOR SPECIALTIES:

- Oil refinery lifting and maintenance support
- Scheduled industrial turnaround lifting execution
- Heavy industrial component handling & positioning
- Port cargo handling and container logistics
- Oversized and heavy breakbulk cargo unloading
- Marine shipyard crane support & vessel placement
- Quay wall and coastal jetty construction support
- Shipyard and marine engineering site logistics

NDT PROJECT SUPPORT NETWORK

13 • CORE STRENGTHS

WHY NDT?

- 01 RELIABLE EQUIPMENT**
Our modern, well-maintained fleet undergoes strict testing to prevent operational downtime on site.
- 02 EXPERIENCED SUPPORT**
Highly skilled crane operators and rigging supervisors ensure safe, code-compliant lifts on complex layouts.
- 03 FLEXIBLE RENTAL PLANS**
We offer flexible short-term hire options and structured long-term leasing options adjusted to your schedule.
- 04 24/7 PROJECT SUPPORT**
Our engineering support team remains reachable around the clock for emergency mobilisations or technical queries.
- 05 RAPID DISPATCH**
Strategically positioned equipment allows NDT to mobilize and deliver cranes to your site efficiently.
- 06 HEAVY-LIFTING CAPACITY**
From 25 to 400 Tons, we possess the raw capacity to handle the heaviest structural loads and components.
- 07 INTEGRATED LOGISTICS**
We combine crane hire with heavy transport trailers and lowbeds to manage complete project relocations.
- 08 PROJECT-FOCUSED SERVICE**
We coordinate closely with your project managers to align our lifting operations with your workflow schedule.

14 • SERVICE AREA

WHERE THE PROJECT TAKES US.

NDT supports equipment rental, heavy lifting, transportation and project requirements across the United Arab Emirates.

DUBAI

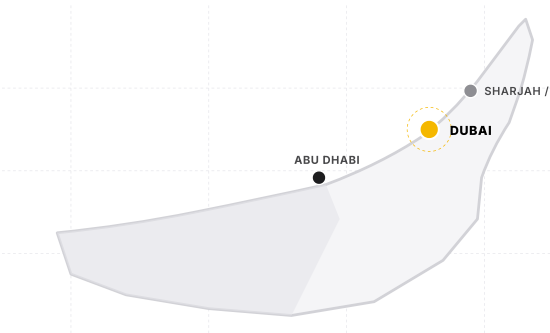

Our primary operational hub and head office, supporting urban construction, Jebel Ali ports, and regional industrial projects.

ABU DHABI

Lifting and mobilisation support for infrastructure networks, oilfield sectors, and refinery shutdowns.

SHARJAH & NORTHERN EMIRATES

Flexible crane rental and machinery rigging for manufacturing plants and civil developments.

*ALL PROJECTS COORDINATED THROUGH DUBAI HEADQUARTERS.
